

PROPER STORAGE OF GARBAGE CANS

The question arose about the proper storage of garbage cans and whether they could be stored outside. Section 4-6-4-B of the Village Code states that refuse containers, refuse totes, landscape waste units, landscape waste totes and recycling containers are to be stored at the side or rear of the residence, except from three o'clock (3:00 p.m.) on the day prior to collection to eight o'clock (8:00 p.m.) on the day of collection, when said refuse containers, refuse totes, landscape waste units, landscape waste totes and recycling containers may be placed at the curb.

Harry Benstein, Community Relations Specialist, has gone through the Hawthorn Woods Country Club twice issuing Courtesy Notices to those residents in violation of this section of the code.
